Dear Sir,

Some of the world's most inspiring startups are now coming from India and we are launching the WF NEN Startup Shorts 2017 video contest to get their stories on film. We would like to invite you to partner with us and help us reach entrepreneurs whose stories can both inspire and teach people across the world,

About WF NEN Startup Shorts 2017

Startup Shorts 2017, a WF NEN video contest, invites all filmmakers, entrepreneurs - both budding and established, and film enthusiasts from around the world to send short films (5-10 minutes) on the business challenges faced by entrepreneurs. Short films submitted to the contest will be eligible to compete for the Best Film, Best Director and People's Choice prizes.

Partnership Benefits:

- Your name and logo will be present on all our promotional material, both print and digital
- Reach participants from over 20+ cities, 160+ Institutes and 1900+ participants PAN India
- Reach out to over 2,50,000 Facebook, Twitter and YouTube WF NEN followers

Partnership Expectations:

- Actively promote WF NEN Startup Shorts, in the form of social media posts on your channels
- Send out weekly mailers amongst your audience
- List our event on your website

Look forward to taking this forward with you.

Thanks and Regards,

Wadhvani Foundation

Dear Sir,

Greetings from the Wadhvani Foundation and National Entrepreneurship Network!

Happy to share with you the Wadhvani Foundation Entrepreneurship Educators Program (EEP) is being organized in your city. EEP is an intensive five-day training program to enable faculty to inspire, educate and equip students to understand the nuances of entrepreneurship and starting ventures. As a result of the training the faculty will be equipped to run the Wadhvani Entrepreneurship courses for the students.

Select few institutes across the country are being chosen to partner with the Foundation to run these programs. We are delighted to extend this invitation to "name of the institute" to host the EEP from "date of the program" in "city".

NEN is going provide the content and the material for the workshop and following are the requirements from the partner for the smooth execution of the program:

Venue :	<ul style="list-style-type: none">§ 1 well-lit classroom with a seating capacity of 30 - 40 participants§ Audio/Video equipment in working condition (projector, screen, audio system, collar mike-1, cordless mike-1)§ Internet access for participants§ Whiteboard & marker§ Registration counter/table
Food & refreshments	<ul style="list-style-type: none">§ Lunch, tea, snacks & drinking water
Discussion leader	<ul style="list-style-type: none">§ Honorarium and accommodation
On ground coordination	<ul style="list-style-type: none">§ Faculty / student who can be the point of contact§ Student volunteers for smooth execution of the program

*The approximate cost of organizing the 5 day program would be "total cost of the workshop" and will be paid by the participating institutes @ "cost per institute".

We are expecting 30 institutions to participate and from that around 40 -45 (max) faculty leaders would be there.

Some of the key takeaways for the partner institute are:

- a) Recognition in the network as Wadhvani Foundation Academic Partner
- b) Branding on NEN platforms
- c) Visibility in the NEN partner network (Govt. projects, Mentor and Investor networks)
- d) Certificate of acknowledgement

Look forward to having you as an esteemed partner for the Wadhvani training programs.

Thanks and Regards,

Wadhvani Foundation
