**2.2.1: The institution assesses the learning levels of the students, after admission and organizes special programs for advanced learners and slow learners**

## **Policy for Slow Learners and Advanced Learners**

**(2023-24)**

## **Introduction:**

Contrary to common belief, slow learners in the regular classroom are neither rare nor unique. The student commonly called a slow learner is one who cannot learn at an average rate from the instructional resources, texts, workbooks, and learning materials that are designed for the majority of students in the classroom. These students need special instructional pacing, frequent feedback, corrective instruction, and/or modified materials, all administered under conditions sufficiently flexible for learning to occur. Differentiation within the classroom provides students with the best environment for having their academic needs met. Differentiation is the least intrusive intervention for gifted students, who - like all students - should be seen to be "only as special as necessary."

## **Objective:**

- Helps to differentiate students among types of knowledge.
- Helps to ensure that students are practicing the "right" skills – that is, those things that you want them to learn.
- Helps to ensure that your course balances independence with guidance in a way that is appropriate for students' level.
- Helps students to learn new material in such a way that they can flexibly and appropriately use it in a variety of contexts, both in the short term and down the road.
- Helps students build metacognitive skills.

## **Criteria to Identify Slow Learners and Advanced Learners after Admission**

The newly admitted students at the entry level are categorized as advanced learners, Average learners and slow learners on the basis of their marks obtained in MHT-CET- the entrance examination for admission to First Year B Pharm conducted by State Government. The percentile score of the student is calculated by comparing with the highest mark scored by the admitted student in MHT-CET.

Accordingly students are categorized as follows:

Advanced Learners – 80 % and above

Average Learners – 50%-80%

Slow Learners – Below 50%

During the internal theory and practical sessional examination and continuous assessment, faculty monitors the performance of the students for respective courses. Based on it student are further grouped into slow learner if they scores less than 40% marks in any of the first continuous internal assessment and first ten toppers as advanced learner

## **Broad Guidelines to Identify Slow Learners and Advanced Learners**

The learning style of student is assessed online through questionnaires on [www.webtools.ncsu.edu/learningstyles/](http://www.webtools.ncsu.edu/learningstyles/). The learning style of students such as Active, Sensing, Visual, Sequential, Reflective, Intuitive, Verbal and Global are identified.

The learning level of the students after admission is assessed by:

1. Results of their previous examinations.
2. Interactive sessions.
3. Continuous evaluation.
4. Performance in regular classes.

Student who scores less than 40% marks in their any of the first CIE are considered to be low performers while and first ten toppers as advanced learner. At the institute, each faculty is assigned the responsibility of some students as a teacher guardian (mentor). The mentor identifies the slow learners and advanced learners of his/her group and provide differential mentoring so as to help the slow and advanced learners" bank on their strength and reach their full potential.

The identification of slow learners is carried by close monitoring, feedback and follow up. The designated mentor is the point at which such cases are easily identified and remedial measures initiated to effectively control the dropout cases. Special learning attentions are provided for these weaker sections through tutorials. Problems are identified through their counselors and remedies are proposed.

## **Broad Guidelines of activities conducted for Slow Learners**

The learning needs of slow learners are countered by

- a. Regular counseling during mentoring sessions for improvement in performance.
- b. Remedial classes.
- c. Expert lectures
- d. Tutorial classes for some difficult subjects.
- e. Providing study material and question bank to students.
- f. One to one interaction with subject experts.
- g. Giving assignments to boost their confidence level.
- h. Discussions on critical topics and motivating them to ask their doubts.
- i. Monitoring their attendance.
- j. Conducting class tests
- k. Special Guidance Scheme

## **Broad Guidelines of activities conducted for Advanced Learners**

For advanced learners various challenging opportunities like paper presentations in conferences are opened to make use of. Further, they are advised to participate in various inter college fests which adds value to their exposure and résumé. The advanced learners are motivated to undertake enrichment and add-on courses on priority basis. The advanced learners are also guided to pursue higher education and provided guidance for higher courses by holding special sessions for GPAT/NIPER/CET/MBA etc.

The advanced learners are provoked by:

- a. To appreciate academic excellence, top rankers are felicitated and rewarded every year during annual social gathering and Accolade.
- b. Extra guidance provided by faculty through personal interactions motivating the students for better performance in competitive exams.
- c. Motivating and providing career guidance for higher studies, employability, entrepreneurship, etc.
- d. Conducting preparation classes and assessment modules for the GPAT and other competitive examinations.
- e. Interaction with alumni through alumni association.
- f. Assigning seminars/projects and group leadership.
- g. Arranging guest lectures, seminars and workshops.
- h. Motivating and deputing the students to participate in in-house, intercollegiate or state, national and international seminars and conferences.
- i. Providing in house- training of sophisticated instruments and equipments through certificate courses.
- j. Publishing review articles on project work done by students.
- k. The college also gives "Student of the Year Award" every year.

## Protocol to Measure Student Achievement:

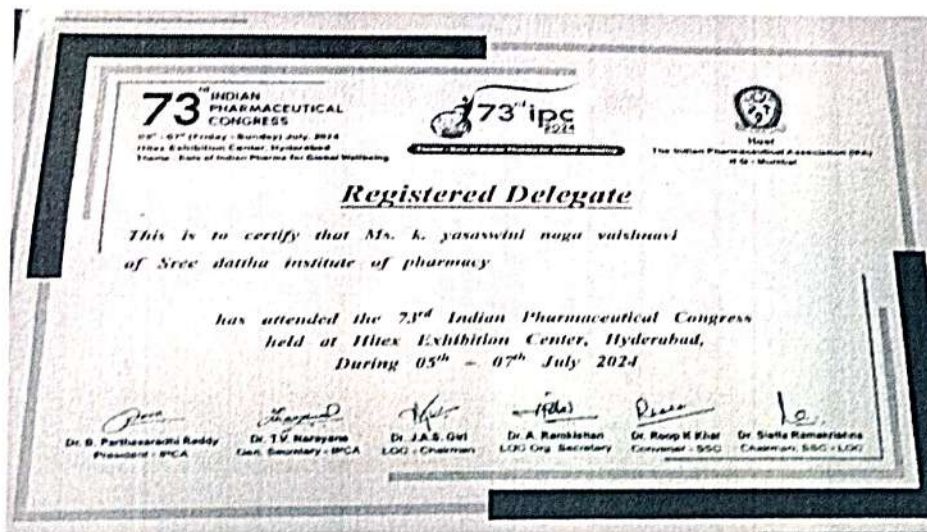

The progress of the students is measured by noting the marks in their next CIE and/or end semester examination as compared to their previous CIE. The outcome of the activities conducted for low and advanced learners is also assessed by academic monitoring, result analysis.

Student Participation details and Outcome Records

The Students are asked to actively participate in various programmes in order to enhance their learning needs and accordingly its outcome is traced. This includes

- Industrial Visits
- Industrial Training
- Expert/ Guest lectures
- Seminars and Conferences
- Mini Projects
- Hands on training
- Remedial Classes
- Tutorial Classes
- Assignments

## MOTIVATION FOR ADVANCED LEARNERS

**Certificate  
— OF ENROLLMENT —**

On the International Day Against Drug Abuse & Illicit Trafficking  
held on 26 June 2024.

This is to certify that  
*Nandyala Badrinathreddy*

has taken the pledge to fight against Narcotics under Mission Parivartana.  
He/She has joined the group of Anti Drug Soldiers, an initiative of Telangana  
Anti-Narcotics Bureau (TGANB) towards building a drug free generation.

  
**Director**  
 Telangana Anti-Narcotics Bureau  
 TGANB

  
**Director**  
 Department for Empowerment of Persons  
 with Disabilities, Senior Citizens &  
 Transgender Persons

**National Board of Examinations  
in Medical Sciences**  
Ministry of Health & Family Welfare, Govt. of India

**Certificate  
OF PARTICIPATION**  
NBEMS congratulates  
*Nandyala Badrinath Reddy*

for successfully participating in NBEMS CPR Awareness Programme 2023  
We acknowledge your efforts. Keep participating!

  
**Prof. Minu Bajpai**  
 VICE PRESIDENT &  
 HONORARY ED, NBEMS

  
**Dr. Abhijat Sheth**  
 PRESIDENT, NBEMS

Certificate No: NBEMS/CPR/2023/000134  
Printed on: 06-Dec-2023 04:54:49pm

**SCIENT Institute of Pharmacy**  
Ibrahimpattanam, R.R Dist, Telangana

**TECHNOTSAV 2K23**  
*Certificate*

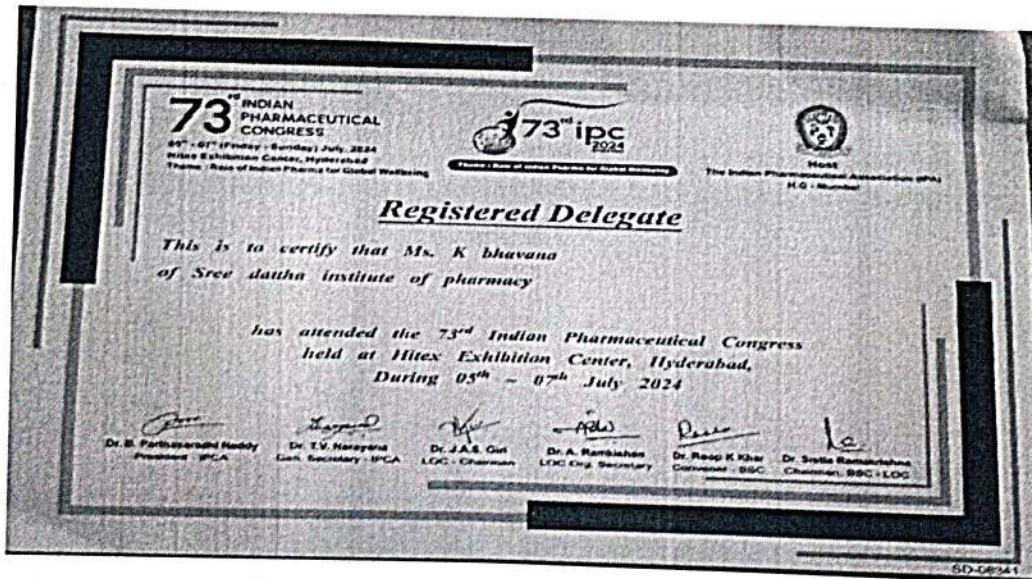

This is to certify that *G. Harshitha* of  
*Sri darma Institute of Pharmacy* has participated/presented  
(Oral Presentation/Poster Presentation/Pharma Quiz/Pharma working model)  
In National symposium "**TECHNOTSAV 2K23**" held on 07 Dec 2023.

  
**Dr. C. Sravanthi**  
 Convener

  
**Dr. S. Neelular Shama**  
 Co-Convener

### CIRCULAR

Subject: Workshops, Industry Expo, and GPAT Coaching for B.Pharm Final Year Students

This is to inform all students that SDIP College of Pharmacy has successfully conducted the following activities aimed at enhancing the academic and professional capabilities of our B.Pharm final year students, especially the fast learners:

#### 1. Workshops:

Interactive workshops were organized to provide hands-on training in advanced pharmaceutical techniques and to bridge the gap between theoretical knowledge and practical application.

#### 2. Industry Expo:

An industry expo was conducted, featuring participation from leading pharmaceutical companies. The event provided students with valuable exposure to industry trends, innovations, and profession networking opportunities.

#### 3. GPAT Coaching:

Focused GPAT coaching sessions were conducted exclusively for fast learners. These sessions included in-depth subject coverage, mock tests, and doubt-clearing classes to prepare students for competitive exams.

These initiatives were designed to ensure that our students are well-prepared for both academic and professional challenges, aligning with the institution's commitment to excellence.

For further details or queries, students may contact the concerned faculty coordinators.

### GUIDELINES FOR THE CONDUCT OF REMEDIAL CLASSES

Students who fail to secure less than 40% marks in any of the first Continuous Internal Evaluation (CIE) conducted by respective subject teachers are identified.

- The remedial class schedule is then prepared for the students particularly after non-working hours.
- The important topics are taught as well as discuss in detail in order to give them further basic details about the content of subject.
- The attendance of students is monitored by respective subject teachers.
- Interactive and open discussion session is arranged to come up with difficult topics for particular subject.
- Further a close track of that student is kept by respective subject teacher to check the performance of the student in her next CIE and accordingly it also helps to know the outcome of remedial classes conducted.

### GUIDELINES FOR THE CONDUCT OF TUTORIAL CLASSES

- Tutorials are conducted as per the College Time Table.
- Tutorials help to boost and motivate both the slow and advance learners in order to meet their learning demands.
- In tutorials the respective subject teacher gives questions to solve which are frequently asked in End semester examinations.
- Then the teacher discusses those question and provides an in depth insight solution for the particular question/problem.
- Also the bifurcation of marks of particular question is discussed and made known to the students.
- So student can properly analyze and solve a particular question as per weight age within a specified time.
- Further a close track of student is kept by respective subject teacher to check the performance of the student in her next CIE/ End Semester examination and accordingly it also helps to know the outcome of tutorial classes conducted
